The blazing sun, blue sky and white clouds...

Summer has finally come.

A unique culture that greatly contrasts with the mainland has thrived here.

The natives, known as the Dream Clan

Rare and precious animals

This is the very edge of the nation of Planeptune,

Dreamcass Island, a landmass completely surrounded by the sea.

The Dream Clan are the guides for the goddesses on their vacation.

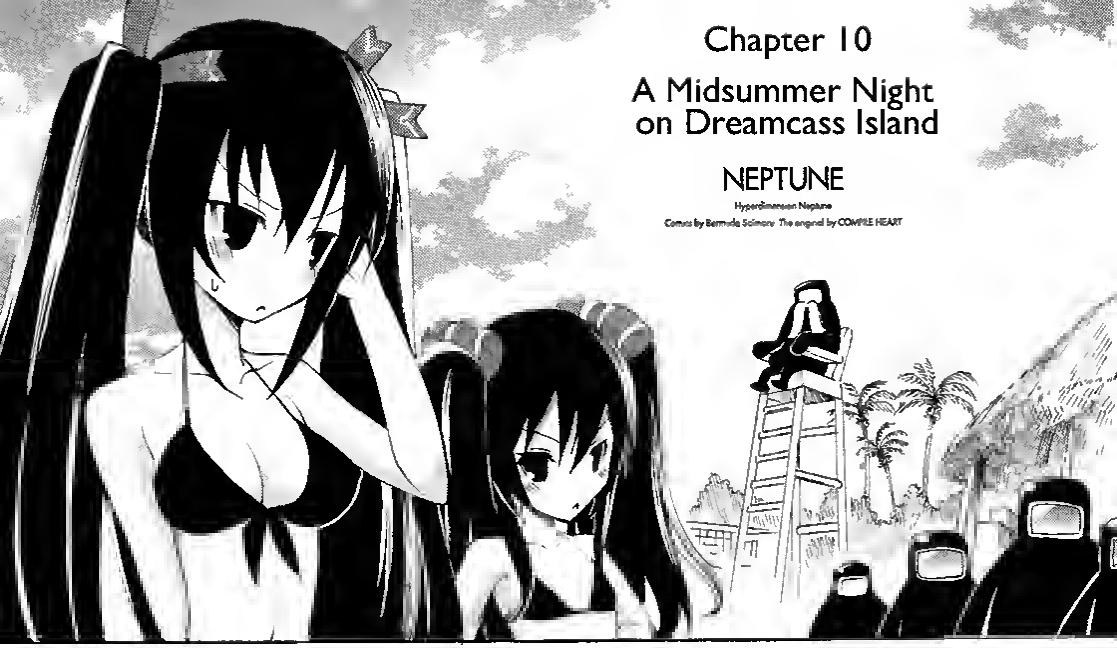
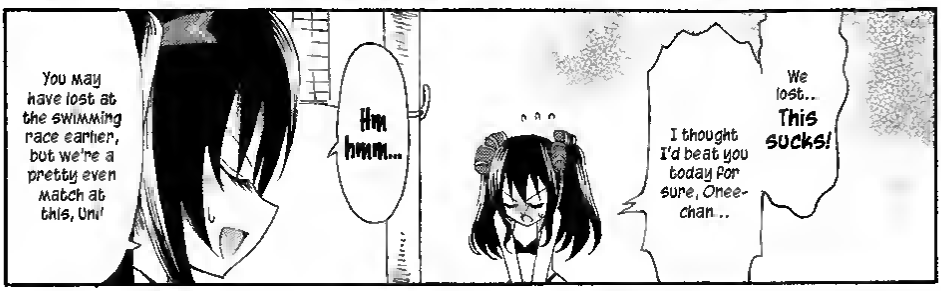
Chapter 10
A Midsummer Night on Dreamcass Island

NEPTUNE

Hyperdimension Neptune

Comics by Bermuda Soliman The original by COMPILE HEART



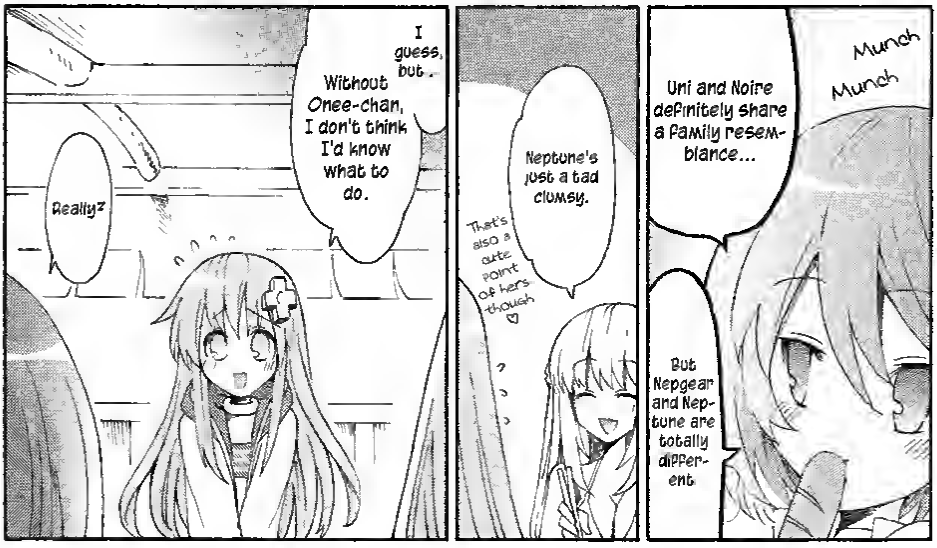


You may have lost at the swimming race earlier, but we're a pretty even match at this, Uni!
Hm hmm...
I thought I'd beat you today for sure, Onee-chan...
We lost.. This sucks!

Rawr
It's dangerous!
It's nothing but a bunch of holes and the ancient giant earthworm from the eve of destruction!
Eve of destruction?

Here you go!
It's just leftovers from the beachhouse, but here's dinner.
Food

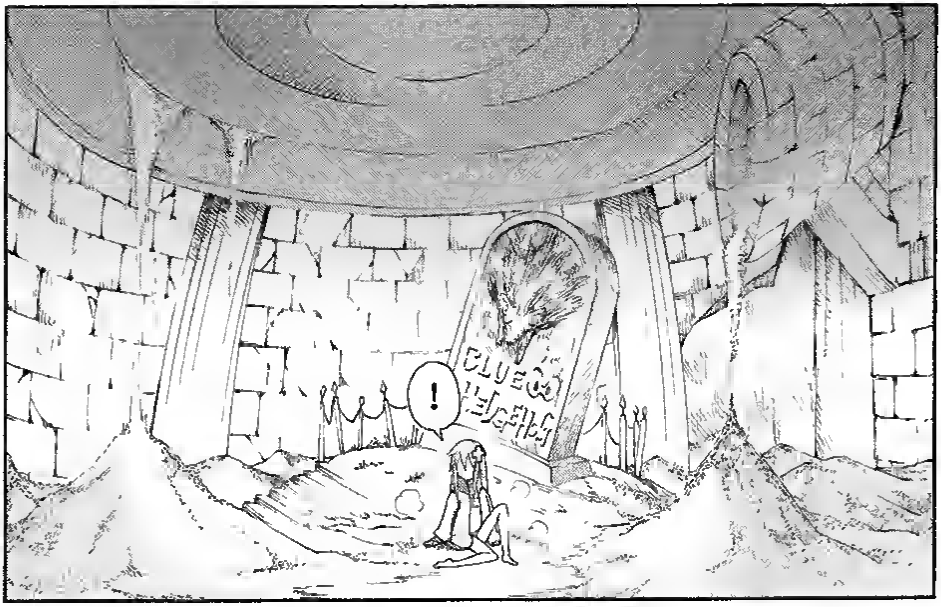
Delicious♡
Wow Nepgear, you're such a hard worker.
You're a lifesaver. ♡
N-No way!
Please, you're flattering me!



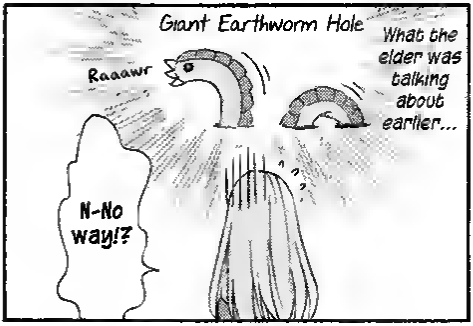
Munch Munch
Uni and Noire definitely share a family resemblance...
But Nepgear and Neptune are totally different.
Neptune's just a tad clumsy.
That's also a cute point of hers though ♡
I guess, but...
Without Onee-chan, I don't think I'd know what to do.
Really?

Have you ever felt like she pulled you around like an older sister? That's what I'm getting at.
Now that you mention it, she did bring us together before we even realized it...
I've just always been pulled along by Onee-chan...
I also heard that everyone was detached during the whole incident with Arfoire.
Hey y'all!
I could never do something like that...
Now For a Dream Clan summer tradition! Let's begin the scary story corner!
If someone isn't here, call them over.
Is everyone gathered 'round?
It'll be scary
Huh? Where's Neptune?
Not here
I'M gonna go check outside
Where'd she go? The restroom?
She still hasn't come back from getting the mail

She wasn't even around for dinner... Something's definitely wrong.
Onee-chaaan, where are you?
What'll I do if something happened to her?
Oooh... Even though the locals said not to go walking around at night...
Wah!?
ズボ
Onee-cha-
...Ah!
キャ
ヘ!?
KYAAAA!!

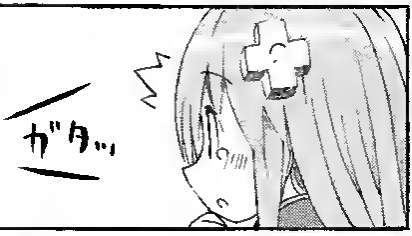


!

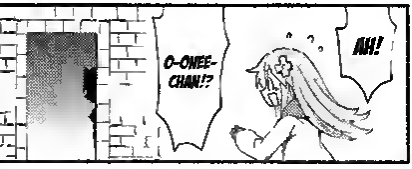


Giant Earthworm Hole
Raaawr
What the elder was talking about earlier...
N-No way!?

That hole just now... Could it be...



ガタッ



O-ONEE-CHAN!?
AH!

What if—, Onee-chan's here too!?
Wh-What do I do? Can I even get out of here?

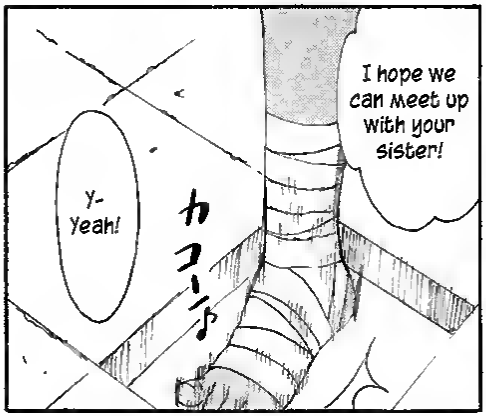
I've gotten lost in such a strange place!?
Waaah! Where in the world am I?

KYA AA!
Eh
I'M so sor- ry!
Woah now, you've got the wrong person..

Onee- chan, you're okay!

Huh!? Really?
What a coincidence. I've lost my little sister as well.
Oho... So you've gotten sepa- rated from your big sis, huh?

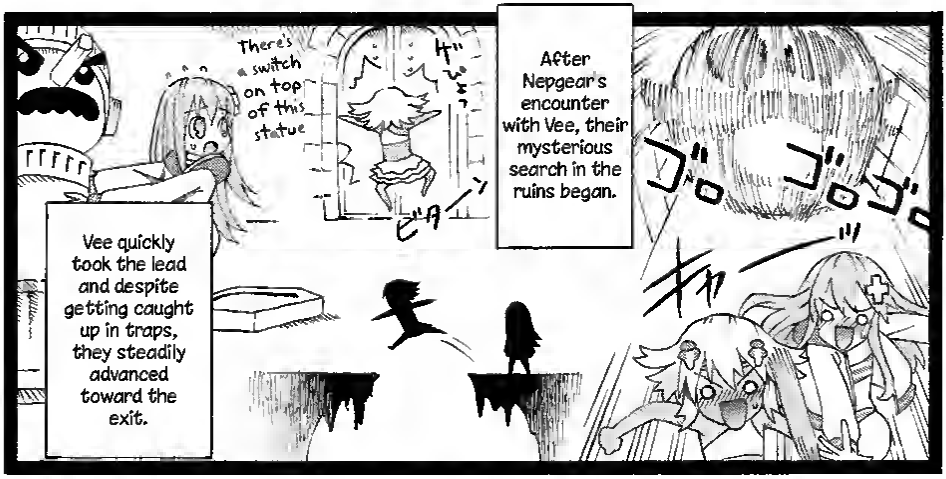
We're leaving this place!
Alrighty! Let's help each other out, Nep- gear.



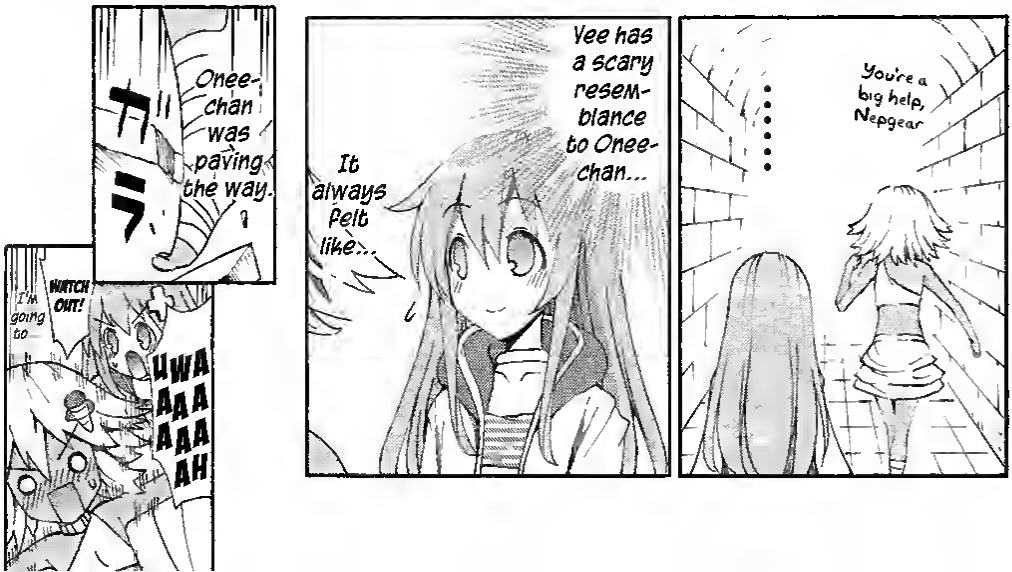
I hope we can meet up with your sister!
Y- Yeah!
カコーン♪

I'M Vee Seturn. And you are...?
I-I'M Nepgear.

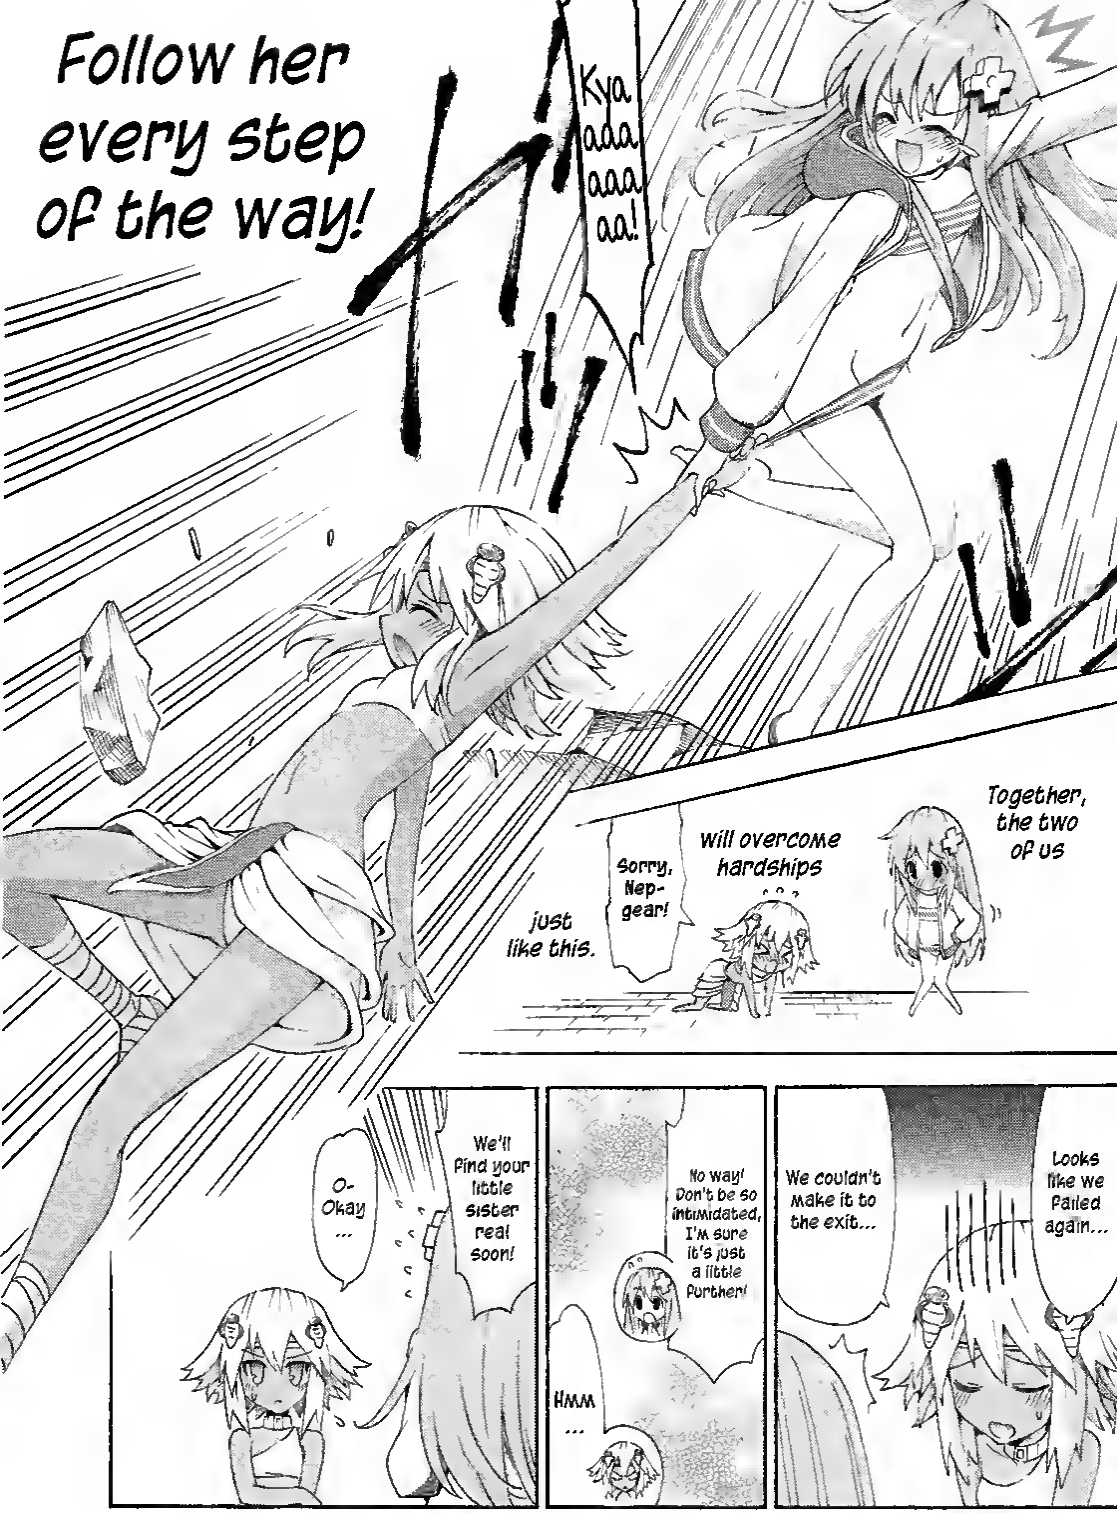
And so...
It was a trap...
Phew... You saved me there, Nepgear.
LOOK OUT!



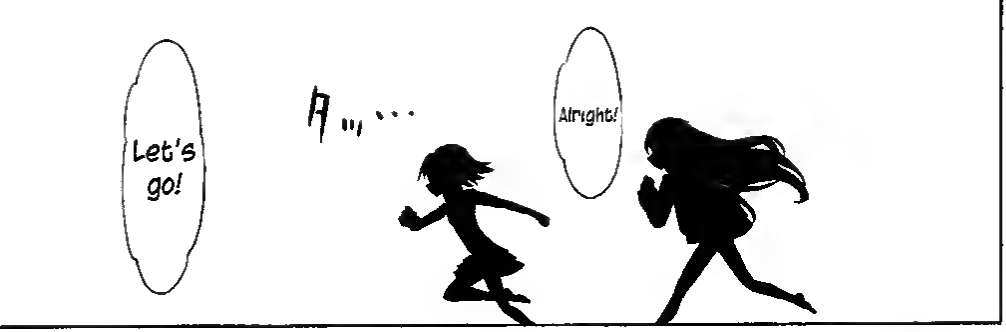
There's a switch on top of this statue
After Nepgear's encounter with Vee, their mysterious search in the ruins began.
Vee quickly took the lead and despite getting caught up in traps, they steadily advanced toward the exit.



Onee-chan was paving the way.
I'm going to...
WATCH OUT!
UWAAAAAAH
It always felt like...
Vee has a scary resemblance to Onee-chan...
You're a big help, Nepgear



Follow her every step of the way!
Kya aaaaaaaa!
Together, the two of us
Will overcome hardships
Sorry, Nep-gear!
just like this.
We'll find your little sister real soon!
O-Okay ...
No way! Don't be so intimidated, I'm sure it's just a little further!
Hmm ...
We couldn't make it to the exit...
Looks like we failed again...

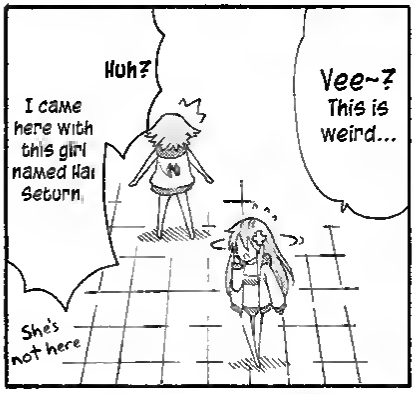


Let's go!
Alright!

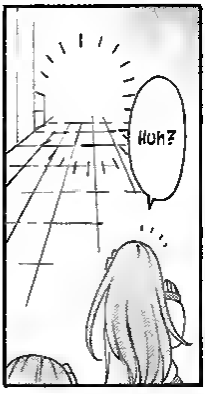
And then...

So we did fall down the same hole!
Aaah! That's Onee-chan's voice!
Oooh!
Nepgeeear
!
ギィィ…
Aaah! Nepgear!
Onee-chan! Over here!
You came!
Thank goodness!

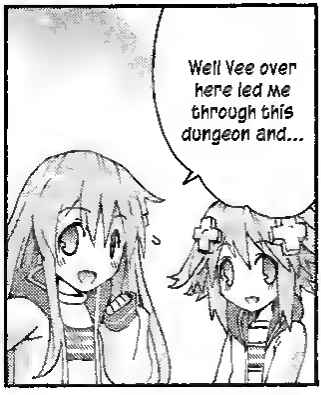
How'd you even find me?
I knew you'd come save me! ♡



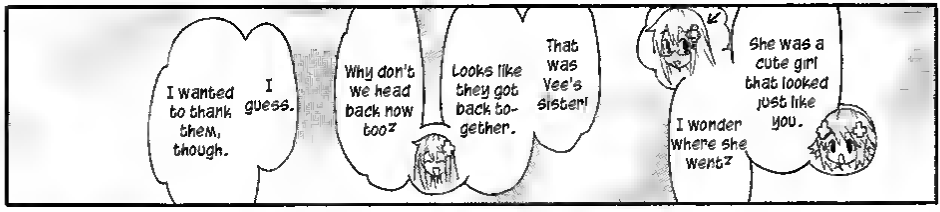
Huh?
I came here with this girl named Hal Seturn.
Vee~? This is weird...
She's not here



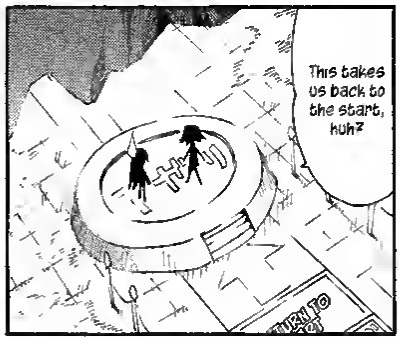
Huh?



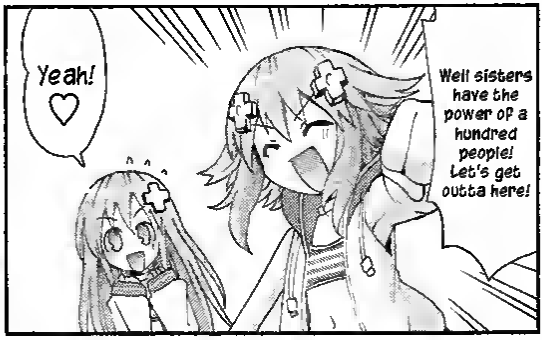
Well Vee over here led me through this dungeon and...



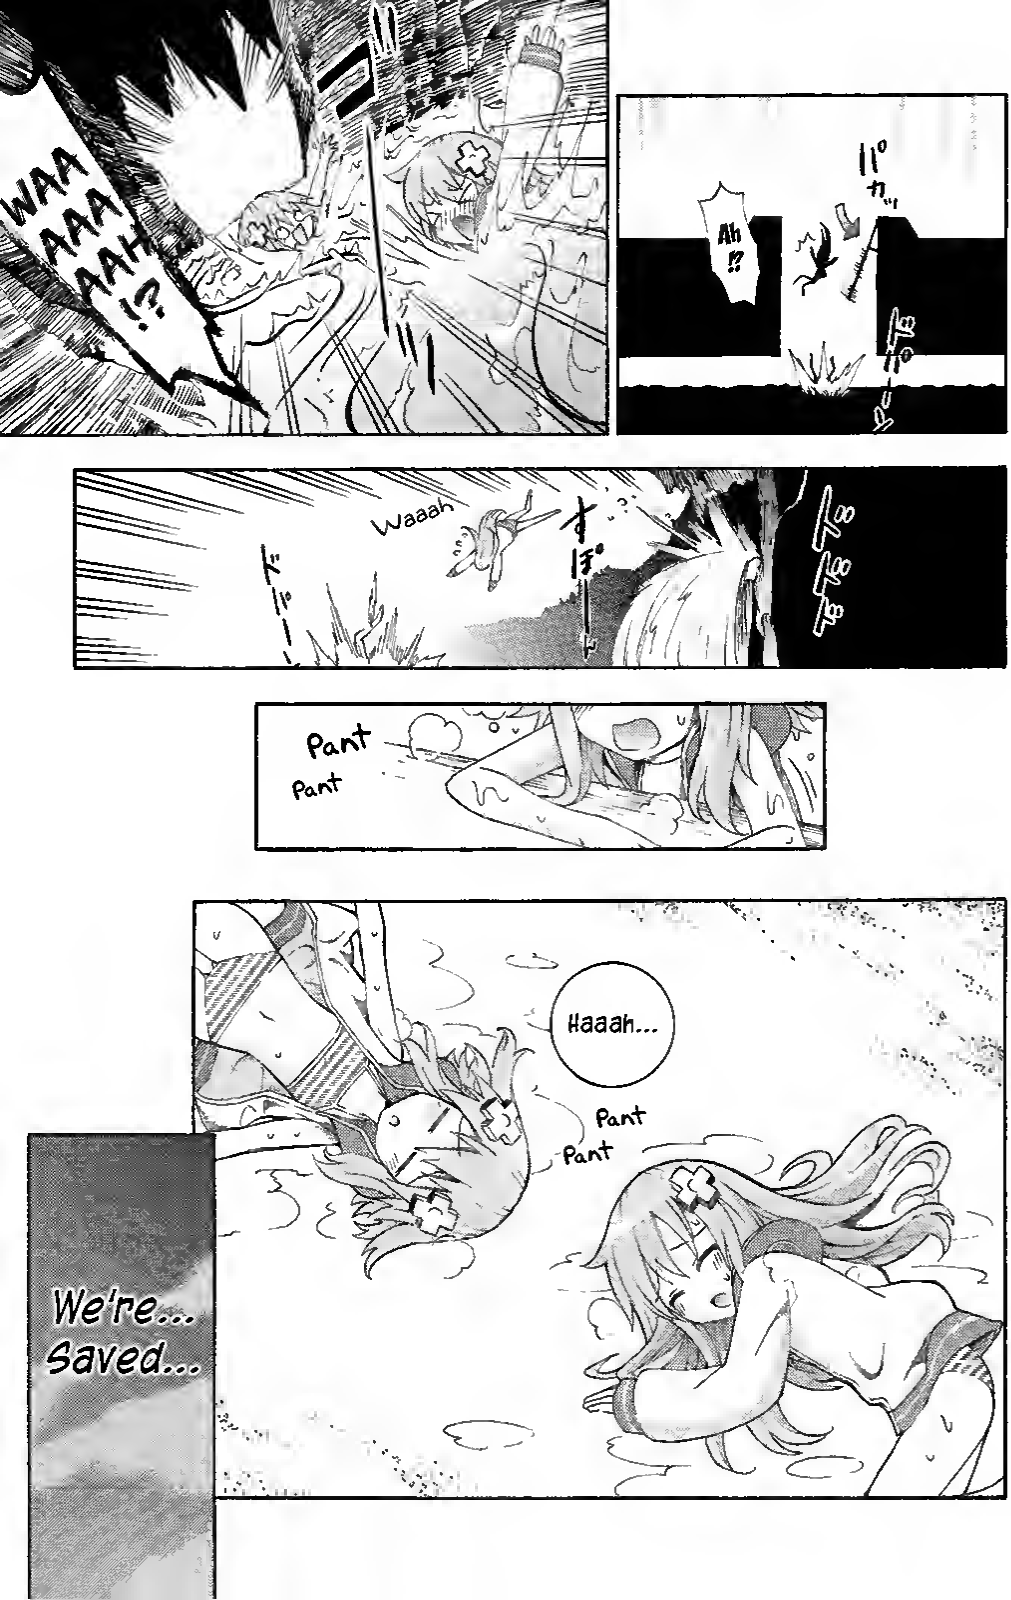
I wanted to thank them, though.
I guess.
Why don't we head back now too?
Looks like they got back together.
That was Vee's sister!
I wonder where she went?
She was a cute girl that looked just like you.



This takes us back to the start, huh?



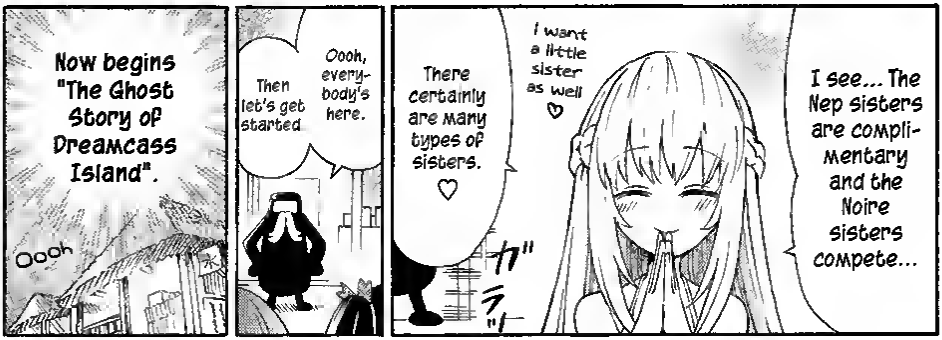
Yeah! ♡
Well sisters have the power of a hundred people! Let's get outta here!



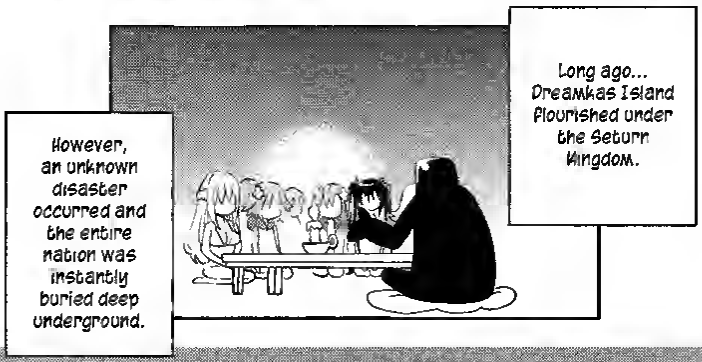
WAA AAA AAH !?
Ah !?
Waaah
Pant
Pant
Haaah...
Pant
Pant
We're... Saved...

What happened? You're all tattered.
Woah!
We're back.
GRRRRR
I noticed something since then.
That's right, Vert. What we were talking about earlier.
N- Nothing at all...
I can't say we both fell in that hole.
What in the world happened to you?
Here, eat some leftovers
That became our everyday life I don't know how I should put it, but... It's what makes us sisters.
And I've always followed that reckless sister of mine.
Up to now, Onee-chan has always dragged me along with her.
It's a coincidence that we were thinking this over earlier.
Yes. We were thinking about what kind of sisters we are...
Earlier? That conversation about sisters?

Hmm?
I think we're "sisters who compliment each other"!
In short,
Right?



Now begins "The Ghost Story of Dreamcass Island".
Oooh
Then let's get started.
Oooh, everybody's here.
There certainly are many types of sisters.
I want a little sister as well
I see... The Nep sisters are complimentary and the Noire sisters compete...

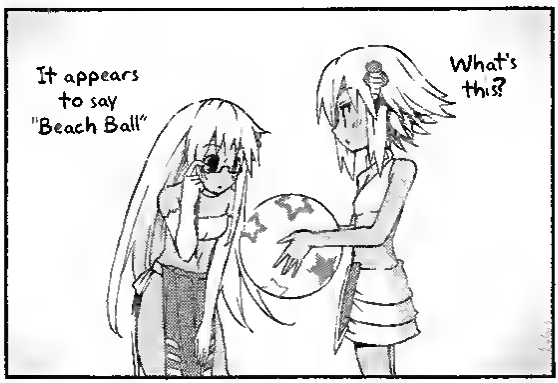


Long ago... Dreamkas Island flourished under the Saturn Kingdom.
However, an unknown disaster occurred and the entire nation was instantly buried deep underground.

Most of the kingdom was able to escape while the royal family protected them.
It's said that both the royal palace and the city were all buried... And...
Their souls remained underground... Even now, they're lurking down there...

They appear night after night..
The ghosts of the sisters who protected the Seturn nation, Princess Vee and Princess Hai
Eh

And during the tribe elder's story, the Seturn sisters Vee and Hai



were getting along very well. (^ ▽ ^)
